

Cleans all surfaces.
Works both wet and dry.

ECOPROD MICROFIBRE CLOTH – ECO-LABELLED

Multi-purpose cleaning cloth for:

- Sanitary ware – Red cloth ideal for cleaning Urimat urinals along with Urimat MB ActiveCleaner
- Stainless steel
- Stovetops
- Mirrors and much more

Available in different colours for different purposes. For example: Red for toilets & washrooms and green for kitchens & bars.

Function

Cleans without chemicals. Sparkling results with just water. Cleans, dusts and polishes. Environmental Friendly. Perfect for fat stains and dried-in dirt. For windows and mirrors, use cloth slightly wet. For cleaning of dried-in dirt or fat stains, wring out cloth in warm water. For dusting use cloth dry, works with static charge.

Area of use:

Red Cloth – Bathroom/washroom: sanitary ware, mirrors, bathtubs, sinks, basins, showers & taps
 Green Cloth - Kitchen: stovetops, ovens, refrigerators, cabinets, tables and more
 Blue Cloth – General low risk areas: windows, floors, glass tables and much more

How to use:

For best result wring out cloth in warm water and use damp/slightly wet.
 For dusting use cloth dry, works with static charge.

Wash and care

Machine washable up to 60 °C. Do not use fabric softener or bleach. Wash with similar colours.
